Course Description

FRIDAY, NOVEMBER 20, 2020 - MARRIOTT SYRACUSE DOWNTOWN

The Nuts and Bolts of Implant Dentistry

This course is designed to focus on restorative implant dentistry, providing informational “gold” on a variety of topics essential to seeing long-term success with implants. From understanding patient decision making, to the tools and select tips for longer lasting dentistry, this course offers a practical “nuts and bolts” approach to restoring implants in your practice. A review of current concepts in tissue management and impressioning will be discussed. By course end, the audience will be able to select appropriate materials and the glues we choose to use to hold them. Furthermore, attendees will be able to utilize knowledge of the newest concepts with implants to perform and restore more competently and efficiently.

Course Objectives:

- Discuss “real world” approach to offering and treatment planning implants in your office
- Review the importance of surgical placement to final restorative outcome
- Learn current methods for tissue management
- Understand the difference between closed and open-tray technique for impressioning
- Gain understanding of when, how and why to use screw-retained vs. cement-retained restorations

The Fifth District Dental Society designates this activity for 7 Continuing Education Credits.
