OWNED & OPERATED BY DENTISTS

At Fortress Insurance Company, our goal is to protect the dental profession.

## **We're The Best At What We Do, Because It's The Only Thing We Do.**

Fortress specializes in dental professional liability coverage – it is our only business. In fact, we insure thousands of dentists nationwide, in every specialty.

## **Specialized Defense and Peer Claims Review**

Deep knowledge of dentistry allows us to offer aggressive claims defense, overseen by dentists. Our national panel of defense attorneys receives specialized clinical training to make them effective, powerful advocates. They know the dental industry and speak your language.

We will never settle without the written consent of the majority of the members of the Professional Liability Committee of your District of the Dental Society of the State of New York.

## **Beyond Great Insurance Coverage**

Through our comprehensive patient safety and risk management program, we educate dentists and their staff about risk management techniques that enhance patient care and reduce liability exposure. Our risk management education, available through both live and on-line seminars, is presented by dentists, attorneys and risk managers.

All education is offered to our insured dentists and their staff at no cost.

Our parent company, OMSNIC, is an ADA CERP Recognized Provider. Seminar participants may earn continuing education credits applicable toward professional license renewal.

Additional Patient Safety and Risk Management benefits include:

- Fortress Risk Manager available to answer your specific questions
- Informed Consent forms (both English and Spanish available)
- HIPAA Compliance Materials
- Complimentary quarterly newsletter, The DDS Guardian
- Renewable 10% premium credit for completion of select online courses

## **Nationally Recognized for Our Superior Coverage and Expertise**

Fortress Insurance is proud to be endorsed by multiple state dental associations or districts.
